

Hello All,

We would like to welcome you to our newly remodeled facility. Because we are in the process of finalizing construction (as discussed in greater detail below) in order to accommodate an easier and less frustrating experience, please pass on this information to your coaches and ask them to pass this on to their parents.

The entrance to volleyball and basketball is now on the West end of the building. You access the West parking lot by traveling down the alley on the North side of the building. There are approximately 120 stalls in the West parking lot. If there is no parking available at the time for your game, please feel free to drop off your child at the West door and proceed to park your vehicle in the upper/East lot. If that lot is full, then, as in past years, please park in the office complex immediately South of the facility and walk over to the Upper/East lot. You access this South lot from 102nd street by turning West on Nicholas Street. For all those parking in the Upper/East lot or South office complex, there will be parking lot attendants and 2 free shuttle buses constantly available to transport people down the North alley to the West entrance.

We apologize for the temporary inconvenience caused by the final remodel of the bathrooms/coaches rooms and the overflow parking on the east side of the building. The bathrooms/coaches rooms were scheduled to be completed before January 1, 2012, but were delayed by the facility's roof replacement. We are down to the last two weeks of construction and will have these rooms prepared for full service. We also have obtained permission and will be constructing a new entrance walkway from the West end of the office complex parking lot located immediately south of the facility with stairs leading right to the west entrance. We are obtaining the permit from the city and hope to have this ready within 30 days. We trust you will find these additions exceptional amenities to the facility, and ask that you utilize the free shuttle service as a temporary accommodation while we finalize construction.

Please do not bring outside food or beverage, there is a well stocked and fairly priced concession area.

Please do not bring outside chairs, there is plenty of bleacher seating.

There is a \$2.00 admission fee being collected at the door by the facility to fund future improvements.

As discussed above, we are in the process of finalizing full youth locker rooms which will service the youth sporting events. Until they are completed, please walk up to the top lobby to access the restrooms.

The lobby and all other areas of the facility are "Fitness Club Member" Areas and you will not be able to gain access to these areas. Except for bathroom use, please confine your patronage to the volleyball area.

Thanks for attending and Good Luck
